## Rob retains the Club Championship

It was probably the closest fought contest ever. Most of the events were decided on tie breaks and the entire Championship was tied between Rob and Pat (Paddy). Quite remarkable, considering Pat had shot the 200 stage with his .22lr gun. Their total points had to be calculated to split them. Rob taking the title by a whisker!

It was a great day for it, but disappointing that we were all so busy we forgot to take any photos! There were two precision events indoors and two positional/rapid fire events outside. It was the best turn out for a competition for a long time and pleasing to see some of the newer members taking part with some success.
