TWO NEW CHAMPIONS

The Club 1500 Championships were held on Sunday 20th August and although not many turned out, possibly because of the damp start, but the weather improved and was better than the previous days. Both trophies changed hands in a friendly contest that had its usual quota of sniping humour and friendly banter

The **Small-bore** was competed for first, and Dave H shot a personal best of 1467 way in front of the rest. Rob was annoyed with himself for having a very poor M3, which probably cost him the title

In the **Centre-fire** event it was a hard fought battle between Pete and Rob after serious jam in M4 put last years winner Dave out on contention. It could have gone either way right until the end, but Rob took the Premier Event by two points. Pete was so close to winning but was happy with his personal best score, as was Paul who had improved on his previous best score by fourtysomthing points!
