# ROB VICTORIOUS AT DIGGLE

### FIRST TIME SUCCESS AT BENCHREST SHOOTING

When Rob heard that Pete and Jim were going to Diggle Ranges for the first 100-yard event of the season he thought he would like to give it a try. Nigel was at a loose end and came along to see what went off and how they did this discipline.

On arrival it looked as if the low cloud might cause problems but by the time the shooting started a cold wind had got up and cleared the mist away.

Pete was shooting his 6ppc with a new barrel for the first time, Jim was giving his 6.5x55 long range gun a try and Rob was using his trusty "factory clunker" Sako .223.

Jim did OK in the morning but could not read the wind after lunch; Pete also started OK but got better. Rob was moaning and groaning as usual but he is very competitive and steadily improved

finishing with a corking 0.328" group to win Factory Sporter class. Beating Pete and Jim too. He claimed it was his skill but the others put it down to beginners luck.

Rob says he will be signing autographs for a small fee on Wednesdays 7-9pm

Pete shed a tear when he realised Rob had beaten him.
