CLUB CHAMPIONSHIP CENTRE-FIRE SHOOT

This was a well-attended shoot. Shot over three stages - after two sighters it included 10 in 3 mins, 10 rapid then 10 snaps.

There were loads of complaints about the Comp Secretary's choice of 45 seconds for ten rounds on the rapid shoot; everyone lost rounds on this stage including the Comp Secretary! He says next time he'll make it easier - 48 seconds.

A massive score from the winner Dave H crushed any opposition, but the Comp Sec has decided that for the next shoot of this sort Dave's 10 round magazine will be banned. He might even ban Dave

Jim took some photographs of this shoot (now on the gallery) so the guilty parties can be identified.

Especially Errol who decided to go for a stroll down range to number the targets. Something about cross firing.

Mark used Ian's rifle to good effect and beat him convincingly. Jim was suffering from a back strain and had to use the bench, as did other old corks.

RESULTS

Dave H	180
Nigel W	155
Mark D	155
Jim S	144
Keith M	127
Tim M	110
Richard P	106
Ian B	84
Pete L	82
Errol H	77
Rob S	64

The second half of the Championship will be with .22LR. Same deliberate, rapid and snap, same size targets but this time it's standing at 50m and the rapid is only 30 seconds.
