

Steel Plate Challenge & 22 Benchrest

Keith organised two Club competitions for Sunday morning.

There was a **speed steel event** that attracted a lot of interest from all. Rob S did very well coming second using a club rifle possibly because Marianne wasn't there to beat him.

Nicolas cried off maybe Paul having a new all tricked up rifle put him off. Pete R was noticeable by his absence; thoughts of the comments about his new pink rifle could be the reason.

There were many comments about how off zero the firers rifles were and the Comp Sec was surprised to see that nobody counted their fired rounds, with many clicks to be heard before the mag change!

	Steel Plate Challenge		
Place	Name	Plates down	Time
1	Pete B	12	18.28
2	Rob S	10	30.6
3	Jim S	10	31.13
4	Rob H	9	29.54
5	Keith M	9	Not known
6	Craig H	8	22.11
7	Tim M	7	25.33
8	Paul C	7	26.66
9	Mike A	7	27.6
10	Steve F	6	29.32

Peter won by knocking them all down in an impressively fast time. Everyone seemed to enjoy it and those who were new to knocking over plates vowed to get them out and have some fun very soon again.

The bench rest was probably a bit too tame after the steel plates with less people shooting.

It was open to .22 semi-autos only but Rob H had a very respectable score but was beaten by one point by Jim who was using Tenex for the first time in about 20 years – but it worked!
