# COMPETITION NEWS

## EASTER EGG SHOOT

### 12<sup>th</sup> APRIL 2009

### IT AINT AS EASY AS IT LOOKS

Seven of the finalists, Nigel and Dave P arrived later

Only nine competitors managed to break an egg from the 200-yard point out of the 20 or so who took part. It was great to see some different faces get through to the second stage but none of those were able to hit a Smartie.

Nigel and Paul came the closest and it took a dial calliper gauge to split them with Nigel taking the bragging rights by tenth of an inch.

It was a fun event with some venturing onto the longer range for the first time and a couple of lady probationary members shooting in the last stage. There were the usual list of excuses and more than several being beaten with their own rifle – Jim, Keith, Errol to name a few! The loudest complaint came from Nik who after shooting good sighters missed the egg and tried to claim the shot had gone through without smashing it. Rob had the same problem but resisted a challenge.

Inside A range Peter dominated this event to win comfortably.

The website gallery is still out of action so it may be a while before all the photos are on show.

Peter dominated the A range shoot and won comfortably

Dave and Poppy looked pleased after both smashing an egg. Hard luck Errol.

Andy in the foreground beat Jim using his rifle for the second year running
