## DRPC v LCBM 16-May-2010

The annual visit by Llandudno & Colwyn Bay Marksmen has become a regular event in the calendar, and good practice just before the Phoenix.

It is usually a close fought event with Derby usually winning the 1500 and the visitors winning the shorts. Not this year – Keith says we were robbed – no we were not, we were thrashed.

Admittedly a few regulars were missing but even with the help of Rob H we were not good enough. Jim, Andy and others had jams but no excuses for misses!! Even Marianne started to flag and did not complete all the events

Congratulations to Clive from LCBM for having the highest score on the day and everyone seemed to enjoy the day and opportunity to practice.

PLUS many thanks to the members who helped by acting as RO's, especially Rob
