MIXED FORTUNES AT STOURPORT 1500

It has been several years since Stourport have run their 1500 Open and Dave and Jim volunteered to go along and help as range crew. Simon B and Dave M joined them to shoot on the Saturday. There was the odd heavy shower but they all managed to miss the worst of the wet weather.

Dave M is still fettling a new rifle and developing loads at the same time – recipe for disaster, and it was. Jams, cases and live rounds flying everywhere and some struggling to get out of the barrel !!

Simon is still getting used to a new Kidd trigger unit and strange shooting positions but still managed a PB score in the 1500 SB event – even after putting 6 of his shots on Jim's target!

Simon scored a 272 to come second in T&P1 B class. He also won T&P2 in B class but was the only entry. (Does it really count?)

Dave had a reasonable CF 1500 and came third but two misses in the Small-bore event at 50m was ruinous. And his Shorts were not much better. He did manage a second place in the pairs event partnering Taff (beaten by Jim & Gwyn)

Jim had problems in the 1500 CF with his lever sticking and it cost him dearly, small-bore was a bit better and he came second in X class.

Jim did unusually well in the Short events winning CF Multi Target with 119 and SB T&P1 with 298 (with an eight) and second in CF T&P1.

It was good to go to the Stourport range again and see the familiar faces, and the competition was well organised by Alec, Taff and Chris with lovely gleaming trophies at the end.
