The Easter Egg Shoot, Twyford, Easter Sunday 2011

THE GREAT ANNUAL EASTER EGG SHOOT

The Easter egg shoot was held on Easter Sunday on the outdoor 200 point, in unusually fine weather conditions. We had a large number of entrant's all of whom were busy getting in there early excuses everything from "I'm still load developing and haven't zeroed my rifle" Jason L, "oh I didn't know there was a shot on today I just popped down to have a shoot" Rob H.

Keith M had supplied us with chicken eggs to shoot, for those who successfully hit the egg a mistral awaited their attention.

First detail fired there two zeroing shot's before being assigned one of 10 eggs to shoot at. In amongst the first group of Easter egg bashers was Frank N, the eventual winner, who got the quick excuse of not having shot off his rest before just prior to him sending his egg to eggy heaven.

Dave H managed to drill the practice target by putting 2 bullets through the same hole either that or he missed the target board completely with his second shot (see picture) then proceeded to miss his egg which was twice the size of the practice target. nothing no egg explosion, no yokey mess not even so much as a dribble. Then Dave M borrowed Dave's rifle trying to crush him and missed the same egg...

So out of the 10 original egg's 5 remained 4 of which had been shot at 3 time's and survived the experience, Keith M chickens had been busy laying Tibetan bullet proof eggs.

There were 5 folks left standing shooting for the prestigious honour of winning the DRPC 1999 Easter Egg shoot, all lined up on there mistral. Lots of oh's and ar's and various expletives were herd along the line with a "hummm think Frank N might be closest". On closer inspection it was found that he had indeed been close.

In fact Frank N had managed to hit his mistral, a feat worthy of being mentioned in dispatches.

Congratulations to Frank for winning this year's Easter Egg Shoot and winning bragging rights for 2011.
