

Deliberate Target Shooting Competition 2012

This was held on the 15 January on A Range with 13 members shooting, including two who were doing their initial induction!

A nice simple competition, just ten rounds at a PL14 target shot standing unsupported.

The competition Officer was leading the scores up until 12 o'clock when the club session finished. There were then three late shooters, Jim who had been doing an induction procedure for new starters, Simon who had been shooting postal league cards and Bob who had been doing shadow RO duty.

Out of the goodness of his heart the Competition Officer allowed these late entries. These late entries then got First, Second and Third place, pushing the Competition Officer into Fourth place.

Sadly the late entries failed to sign their cards, put no date on them and didn't get a witness signature so with great regret (snigger) the Competition Officer has decided to disqualify them.

This puts the Competition Officer back on top of the score board!

They may appeal the decision to the Committee but the fee for this appeal is a pint for each Committee member.

Thanks to all who tried their hand at the competition.
