Club members managed to win four events, but then it's considered bad manners to win on your home range!

## Summary

It may have been the most club members ever to enter our prestigious event so well done to the guys who did the practice and had a go. Some names are missing from the report, such as Jim and Simon W. That is because they were rubbish. - Everyone's allowed a bad day now and then.

The Meeting as a whole was fantastically supported with a record entry of 93, shooting more than 550 events. The weekend ran extremely well thanks to the hard work of 27 members acting as CROs, Range Crew, Stats and BBQ chefs.
