

FRIENDLY SHOOT versus LCBM

On Sunday 13 May Llandudno & Colwyn Bay Marksmen came to shoot against us in our annual “friendly” match. For a change we managed to field more shooters than them and it showed because for the first time in five years we beat them. The choice of matches helped the results as we missed out the Multi-Target event which they excel at – Good move Keith.

However it is said it is more of a social occasion and a chance for the LCBM members to practice at 50m that they don’t have. Until we win, then it is a competition!

Thanks to Keith M who ran the 1500 efficiently and for doing the stats. Also Steve F for ROing the T&P1 event

Steve in charge

Are you ready?

Instead of “Go forward and score” Steve thought the command “Go and mock your competitors targets” more suitable

The sun came out long enough for Jim to put a silly hat on.
