

Speed Steels, Sunday 12 February.

We ran two competitions together, supported and unsupported.

In a change from previous years we upped the ammo count from only twelve rounds to drop the twelve plates, to 2 magazines of ten. So there was more emphasis on speed. It didn't help some shooters though as there were still plates standing at the end of some sets of twenty rounds!

The extra ammo count also seemed to encourage some US military traits as spray and pray appeared to be popular! Some were very accurate though, especially the shooter (who will remain nameless) who shot through the plate reset cable.

Rob S thought he might be in with a chance as Marianne wasn't there to beat him but it wasn't to be, he was beaten in the supported shoot by just 0.52 seconds.

A popular competition, with good entry numbers, those who shot seemed to enjoy it in spite of the usual frustrations with magazine feeds and not counting rounds.

Congratulations to Jim S and Tim M for their wins.

K.M.

The next competition is on the 18 March, the .22 Semi Auto Bench Rest.

Steel Plates Supported			Steel Plates Unsupported		
	time			time	
Jim S	13.08		Tim M	11.85	
Rob S	13.6		Rob F	18.69	
Rob F	14.64		Dave M	23.08	
Keith S	18.23		Jim S	23.31	
Dave H	19.43		Joy A	33.02	
Dave M	19.83		Dave H	35.13	
James P	23.47		Dan J	38.6	
Frank N	23.54		Glenn F	52.02	
Richard P	28.5		Bob P	21.92	1 left up
Joy A	28.62		Frank N	32.01	2 left up
Glenn F	28.93		James P	36.98	2 left up
Gavin H	31.29		Richard P	37.14	2 left up
Dan J	32.84		Keith S	23.73	3 left up
Stuart G	34.29		Stuart G	35.96	5 left up
Tim M	16.91	1 left up	Gavin H	42.29	5 left up
Bob P	Nil		Rob S	15.45	7 left up

Competitors make their preparations – some not carefully enough..... Yes you Dave!
