

2013

## SPRING MEETINGS SUMMARY

Three of the first Open shoots that are normally well attended by Club Members failed to attract the usual support.

### **BASILDON.**

This is the furthest we usual travel and three planned to go but Jim had to drop out at short notice.

### **Timed & Precision1 CF**

Dave H had a reasonable X count of 21 but managed to spoil it with a 9.

Simon B did it differently to Dave, he had a poor X count but won B class comfortably.

### **Multi-Target CF**

Dave had a mare shooting a 107 and was beaten by Simon who came 3rd in B class with 108.

### **1500**

Dave was placed 2nd in A class

Over the sunny weekend they both took part in other events but that's all: took part.

### **MATTERSEY TEN**

We have been known to take eight or more competitors to is the nearest venue to Derby but Dave H was our only representative.

### **Timed & Precision1 CF**

Best X count of the day – but no good with one in the 9 ring!

### **Multi-Target CF**

A 112 placed Dave in 3rd position.

### **1500 CF**

A fair 1453 gave Dave 2nd place

### **1500 SB**

It was fortunate that Dave was the only one in A class!

He has had to adapt his kneeling position and scores are still low.

### **WESTERN WINNER**

Dave and Jim traveled together down to Bristol to this excellent shoot.

### **Timed & Precision1 CF**

They both put one into the 9 ring but Jim's 24 X count gave him a pint in the beer challenge.

### **Multi-Target CF**

Jim thought he was in with a change of winning with 119 but it was only good enough for 3rd. Dave did better than normal with 117.

### **1500 SB**

Jim was annoyed to have two jams in Match four loosing 110 points! A pity because the rest was better than average. Dave took a pint back coming 3rd with 1452.

### **1500 CF**

This was Jim's first match of the year and struggled with no match practice. Dave matched his score of 1476 but having just two less X's it cost him another pint.
