MATTERSEY TEN 4th May

Five Team Derby members travelled to Mattersey Ten event. It was the first time at that venue for Rob F who did OK but by the end of the day had brought shame on the team.

Timed & Precision 1 SB

Jim threw a couple of silly 9's away at 25m and 297 placed him 4th. Rob F, also in X class, was one point behind in 5th.

Rob S did OK with a 282 to win B class. And Simon skulked away before anyone saw his target.

Timed & Precision 1 CF

Dave was our best scorer but a 300 with 20 x's only got him 5th place in X class. Jim threw one in the 9 ring much to his annoyance.

In A class Rob S came third with 296.

While in B class Simon shot a Personal Best of 297 to win and get promoted, much to his disgust.

Timed & Precision 1 Classic

It was very close at the top and Dave tied with the winner but came second on count back! Jim thought he was going to beat him but a foul-up left two in the gun at the last stage, but still came 3rd.

Timed & Precision 1 LBP

Simon shot a 268

Multi-Target SB

Jim won X class with 115 and Rob F was third with 113, but it should have been a lot better. He had only dropped two points then a jam cost him 5 points – Dam! 118 would have been the highest score all day. Simon was half up A class with 98.

Multi-Target CF

Jim was disappointed with 115 and tied with three others on the same score but won it on X count. Dave was 5th.

Rob S was 2nd in A class with 112 where it was very close, Simon scored 104.

Multi-Target Classic

This is Dave's favourite event at the moment and he won, again. This time with a lowly 114.

Jim messed up big time and put six shots on his left target that should have been on the right hand.

Multi-Target LBP

Simon played chase the X and managed to finish without a single shot in the X ring...

1500 SB

Jim was going OK until a slip of the finger during Match 4 put a non scoring shot on the target. He gave himself

a b.....king and only dropped 8 in the rest of the mach for a respectable total.

Dave was doing alright and the competition was fierce with three tying on 1456 in A class. Dave won with a superior X count.

Rob F was only four points behind Dave and came 5th. While in B class Rob F who thought he had shot poorly came first.

1500 CF

Jim was pleased with a seasons best of 1489 but was the only X class shooter there.

Dave was also very pleased and thought his was a 1483 until he realised he had put a shot on his neighbours target... 1473

Cut the Post in Half, Fun Shoot

While stats were compiling the scorecards and results a Fun Shoot was put on and this is where Rob F disgraced himself. Our friends from Wales, LCBM, were short of a man to make up a team so we loaned them Rob. He agreed to do it only if they supplied the ammo as he had run out. And as you might suspect Derby Old Boys were drawn against them, and we let them win.

The run down

Rob with his new mates

Summary

Not many original excuses: Rob F said he was expecting lots of sand and had been warned not to drop his magazines, and was disappointed that grass had grown over the ranges – you can't blame a jammed round on lack of sand! And Simon moaned about all the dandelion seeds blowing about sticking in his beard – doesn't take much to put him off.

Prize Giving. This was a good selection of booze and "Free Entry" vouchers
