## MUTI-TARGET CLUB SHOOT 8<sup>TH</sup> June

There was a good turn out with some Probationary Members trying their luck for the first time – and they did OK too.

Usually when Rob F and Jim shoot side by side, Jim manages to beat him by one point. In the .22 event it was Rob's turn for revenge as he beat him by three points. Tim T took the honors for dancing when he got two hot cases down his neck. And for once Nigel's gun did not misbehave!

In the centre-fire there were problems galore – Sid could not get his Winchester to feed, then Dave H's Marlin ceased up and guess what... he had a screw loose. But he should have put his score card in – even with two shots missing.

Bryan won the pistol event convincingly and Jim won the revolver class unopposed.
