Congratulations to Paul

The weather held good with not too much wind. The competition started with two sighters at 100 yards followed by ten rounds deliberate. A quick look at the targets and then a move back to the 200 point to fire twenty rounds deliberate.

It was a contest between Paul and Nigel, both previous winners, but Nigel was at a disadvantage as he hadn't been able to zero his rifle after a set of Parker Hale sights had been fitted, and Rob was not far behind. Paul triumphed in the end with a greatly improved score from last year crushing the opposition.
