# BOWLING PIN SHOOT

19 July

Fourteen happy shooters tried their hand at the Bowling Pin Shoot, sadly not all fourteen were happy once they'd tried!

Lots of jams, (some so bad they took minutes to clear) missed pins, slow reloads and some slow shooting meant that happiness was not to be for all.

As usual with the Pins, one missed pin meant you were out of the running for the top times and invited lots of scorn from onlookers. In fact the scorn was there even if you did hit all of the pins.

Martin on his way to second place

The old and bold were squeezed out and their final humiliation was that third place went to a probationary member using a Club rifle. Still that makes a change to being beaten with a borrowed rifle.
