## SILHOUETTE COMPETITION

4 January

The Silhouette competition was shot with a good number of entries given it was hovering at zero degrees.

The Competition Officer failed to note that the targets had printed on them that entrants could have a second attempt, he assures that this will be deleted for the next competition!

The range was busy and I'm sure not everyone handed their targets in for scoring.

Scores were all around the six mark until Tim, Jim and Nigel shot at the last moment and took First, Second and Third with 9, 8 and 7 respectively. Given that they avoided most of the barracking that previous shooters had got, late entries will attract a penalty in future! (To be fair, Nigel was late shooting as he was doing RO)

Congratulations to Tim

Next week the .22 Benchrest shoot, watch for details.
