## BLACK POWDER MUZZLE LOADING RIFLE COMPETITION

6 November

The competition is quite simple, fire 13 shots on the largest target in the cupboard at 25m with the 10 highest scorers to count.

It's a noisy dirty smelly comp and that's without the black powder going off but it seems to bring a smile to shooters faces.

There were at least four shooters taking part but only three targets scored and one of those was rescued from the dustbin!

Mick shot his with a short double barrel Houda pistol with a detachable butt. These were originally designed to be fired point blank at tigers from the top of an elephant so not ideal for precision shooting at 25m.

Rupert has won this competition for the last few years but this year was pushed into second place by Bryan with his smooth bore.

Scores

**Bryan H 95, Rupert B 89, Mick H 53**

Congratulations to Bryan on winning, now we can all go back to breathing normal air again. J
