MILITARY RIFLE

15 May

Using DP1 targets the competition was held on the on C Range.

The competition was self run by the shooters and comprised two sighters followed by ten shots in one minute at 100 yards.

At the 200 point it was twenty deliberate shots. There were supposed to be two sighters prior to the twenty to count but the shooters told the Competition Officer that they didn't need them. However the scores tell a different story!
