## .22 SEMI-AUTO BENCHREST

5 November

This was shot at 25m on A Range but there seemed a lack of “buzz” on A range and there seemed less people around than normal .

Roger’s pose was an attempt to get on the front Page of the Newsletter by giving his Arnold Schwarzenegger pose (a sort of “eat your heart out Arnie!”). The photo taken shows his second attempt to strike the pose and then hold it for the photographer..... it didn’t help him in the competition though, he was probably exhausted after the photo?!

This event gives “normal” Club members a chance at Benchrest shooting without having to compete against Superguns, so it was a sad to see a disappointing low number of entries.

Scores	Score	X count
