MILITARY RIFLE COMPETITION

17 December

This was shot on C Range.

The weather was cold, wet and miserable, as was the Competition Officer who became even more wet and miserable when he slipped and fell over on the wet ice in the car park!

The competition was two sighters and ten rounds sitting or kneeling at 50m, then ten rounds in 90 seconds prone at 100m and lastly ten rounds deliberate prone at 200.

Jim St's new rifle shot well as so did he.

There were some complaints about shooting the sand coloured targets against the wet sand background... I suggested they send complaints to The Earl Hague. The photo looks out of focus.... It isn't it's the weather that was out of focus.

Next year the comp is set to be run in August so maybe the weather will be kinder with possibly more competitors.

Congratulations to the winner.
Keith M, DUUACO

Jim St	94
Steve J	88
Nigel L	70
Frank N	63
Siobhan B	51
