# MULTI-TARGET

21 May

The weather was kind to us for the Club Multi Target competition which was just as well as there were sixteen shooters doing a total of five competitions so we were shooting all morning. There was an extra comp but we don't count it as Bryan was on his own in that – some weird comp with a revolver with strange non optic sights.

A couple of probationary members were watching it initially but they soon cleared off when they saw the bickering on the first detail about targets not being lined up with firers and there being three targets on one board. I hope they've not been put off forever!

Once the Comp officer had heard the protests and dismissed them we were able to get on with a good morning's shooting!

Some good scores achieved especially by Phil on the centre-fire, shame he forgot to hand his score card in. Something about ROing the range stressing him out

The comp officer allowed his score though; he must have been feeling really generous that day especially as he was in top slot before allowing it.

Dave did the classic schoolboy error and wound his sights the wrong way. Jim Starley claims he is no good at SB but managed a fine win!

A good morning, lots of lead down range and lots of banter – what more could you ask for?

Deputy Unpaid Under Assistant Competition Officer

Sid on his wat to a PB score, Well done

It looks like Tim is about to shoot his dad in the head

It was a busy morning
