.22 Semi Auto Bench Rest Competition

4 October.

This competition is run to give those members without a bench rest rifle a chance to shoot this type of competition as any semi auto .22 can be used, including the club's rifles.

The competition is a simple one. A target with 25 bulls on it, fire one shot at each bull with as many sighter's as wanted. Well it sounds simple but the ten ring is only 0.100"/2.5mm in diameter! It is made easier by allowing rests front and back and you can even do it sitting down.

The comp was a bit short on shooters probably because some members had disappeared off to Mattersey to shoot some boring competition call a Blanc or was it Bianchi? Even the Competition Officer cleared off to shoot it to avoid being beaten by his Deputy Unpaid Under Assistant.

Still Phil W was there as apparently he can't read a calendar and didn't know which Sunday of the month it was.

Tim T snuck in at the last moment to shoot the comp after spending all morning with the big stuff but got pipped by one point into second place.

Keith M.

SCORES

Keith M	236
Tim T	235
Jon J	223
Tim G	223
Phil W	222
Fraser D	208

Congratulations to Keith
